

3C (3) CHEN SUM YAU SINDY

Dear Ashley,

You are my favourite person in Kei Oi. You are good at doing sums. When I have some questions about Maths, you always solve the problems with me. Therefore, I admire you most. Also, you are a nice person. You always share your snacks with me during the recess and you always listen to me patiently. You teach me to forgive people when someone does wrong things. You also teach me to look after the classmates when they are not feeling well. I want to say thank you for your teaching.

Love,
Sindy
