An unforgettable experience in Kei Oi

I will never forget the day when I was the MC for the Story-telling Competition.

It happened in mid October 2022 in the hall of Kei Oi Primary School. On that day, there were five MCs and I was one of them. There were two parts in the competition. The first part was for the junior forms. The second part was for the senior forms.

I was responsible to introduce two junior students. I was very nervous when I was standing on the stage with shaky hands and feet. When I started to speak, I found out that I forgot to turn the microphone on. I felt so embarrassed. But things went on well in the end.

This was the most unforgettable experience in Kei Oi. I have learned that I need to prepare myself well for anything I do in the future.
