

6C (24) TSEA HENRY HO HIM

**An unforgettable experience in Kei Oi**

I will never forget the day when I was on the stage in Kei Oi Primary School's hall. It was a quiz competition of our school.

It happened when I was still a primary two student in 2018. My class teacher chose me and three other students. I felt excited but stressed at the same time. I had studied for a few weeks until that day came. All Primary 1 to 6 students were sitting in the hall while my team was walking up the stage.

On the stage, there were four tables for each class. On the table, there was a red button which we had to press it when we wanted to answer questions. When the competition started, I was very nervous but I still managed to answer most of the questions. My teammates pressed the button very fast and I answered the questions right. At the end, our team won.

This was an unforgettable experience. I have learnt that hard work won't disappoint us.
