

An unforgettable experience in Kei Oi

I will never forget the day when I watched the face-changing show on Chinese Culture Day in the sixth grade. The show was amazing! I could not believe my eyes!

It happened on 10th February. It was Chinese Culture Day. Miss Ma told us there would be a wonderful show. However, I didn't care about that as I thought the show would be boring.

When the bell rang at eight o'clock, a man stepped on the stage. He said, 'I'm Peng Daihuai. I'm a master of face-changing.' He wore a set of golden clothes. I was very interested in the show. I started to look forward to it.

Then, the background music started to play. He whirled, jumped and played games with the audience on the stage. Suddenly, when he turned around, the mask on his face changed in colour! Red, blue, yellow, black... So many masks were changed between his movements. He looked very imposing on the stage. The performance was astonishing. When the show was over, I was still reluctant to take my eyes off the stage.

After the show, I have learned that if I have a dream, I must stick to it. Although Peng Daihuai encountered many obstacles on the way learning face-changing, he is a famous master of it now.
